Some of the Best Smiles in Bramhall

Beluga Prize/Bramhall Parkrun

We're delighted to announce the winner of the Beluga Prize for October is: **CARYS BOWEN**

Carys ran the first ever Bramhall Parkrun back in April 2008. She ran steadily round smiling most of the way and finished 89th out of the 89 runners. Over 50 runs later she is still to be found very near the back of the field jogging cheerfully along and encouraging all those around her.

Parkrun is all about making it easy for people to have a go at running and improve their fitness in a friendly setting where they can set their own goals.

Carys has had a couple of long spells of injury where she spent more time marshalling than running before working her way back to running the full 5k.

As Beluga particularly value the Parkruns contribution to the local community it has been decided to focus this award on those who make the Parkrun happen and give it the atmosphere we all enjoy.

Congratulations x
